## DETAILED ACTION

### *Election/Restrictions*

Applicant's election without traverse of Figure 3-6 in the reply filed on 3/27/06 is acknowledged.

Claims 8-11 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 3/27/06.

### *Claim Rejections - 35 USC § 101*

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 1-7 and 12-14 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. Claim 1 positively recites the human body as part of the claim limitations, i.e. "an upper sealing surface that defines a fluid seal with said first tissue, said upper surface forming together an upper vacuum channel with the first biological tissue" and "a lower sealing surface that forms a fluid seal with the second biological tissue, said lower sealing surface forming together a lower vacuum channel with said second biological tissue".

### *Allowable Subject Matter*

Claims 15-20 are allowed.

Art Unit: 3763
